

Pruebas JUnit

Clase: AbstractFactory

The image shows two screenshots of JUnit test results for the AbstractFactory class. The top screenshot shows a failed test: 'testIsEmpty' failed with the message 'expected: <false> but was: <true>'. The bottom screenshot shows both tests passed: 'size' and 'isEmpty'.

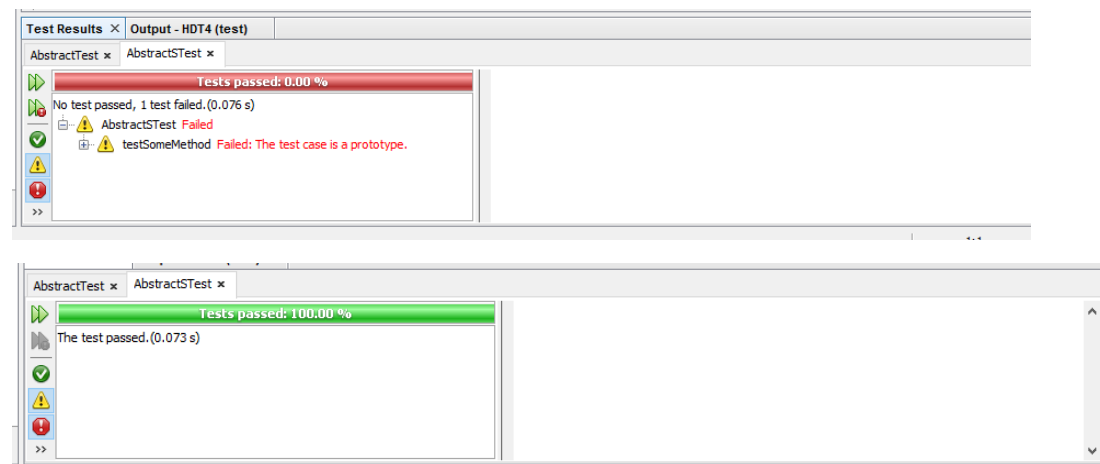

**Test Results (Top):**

- Tests passed: 50.00 %
- 1 test passed, 1 test failed. (0.183 s)
- AbstractTest Failed
- testIsEmpty Failed: expected: <false> but was: <true>
- expected: <false> but was: <true>
- java.lang.AssertionError
- at AbstractTest.testIsEmpty(AbstractTest.java:62)

**Test Results (Bottom):**

- Tests passed: 100.00 %
- Both tests passed. (0.075 s)
- size
- isEmpty

Clase: I\_Stack

The image shows two screenshots of JUnit test results for the I\_Stack class. The top screenshot shows a failed test: 'testSomeMethod' failed with the message 'The test case is a prototype'. The bottom screenshot shows the test passed.

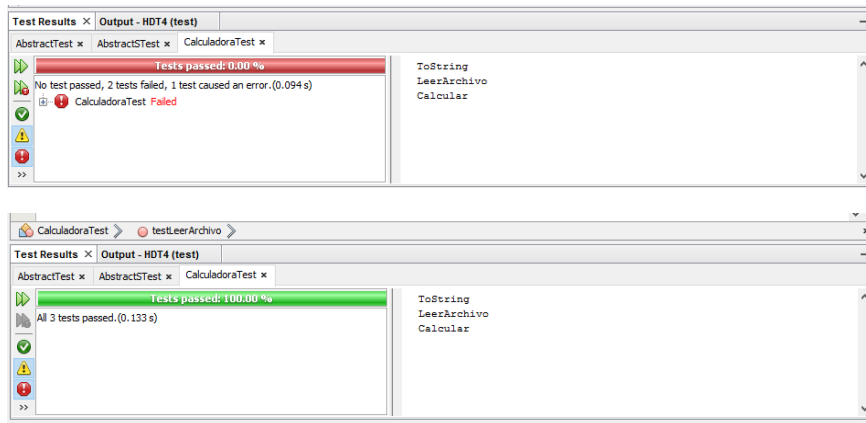

**Test Results (Top):**

- Tests passed: 0.00 %
- No test passed, 1 test failed. (0.076 s)
- AbstractTest Failed
- testSomeMethod Failed: The test case is a prototype.

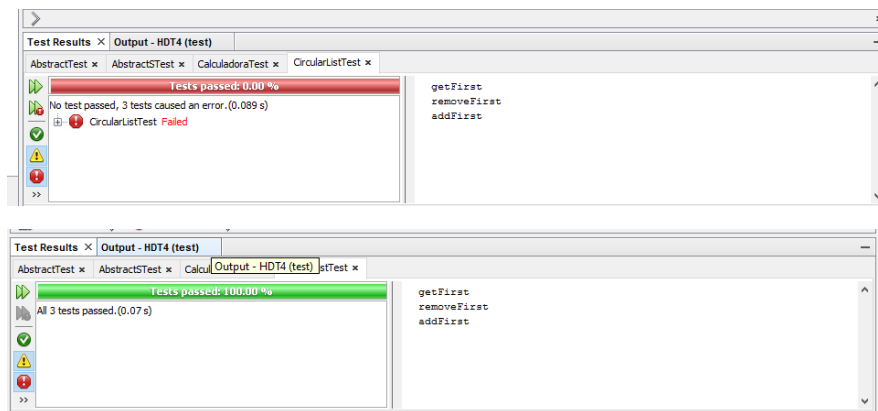

**Test Results (Bottom):**

- Tests passed: 100.00 %
- The test passed. (0.073 s)

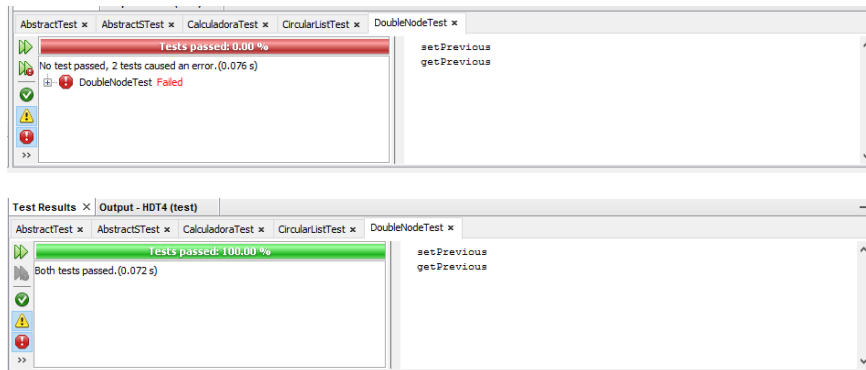

Clase: CalcuPost

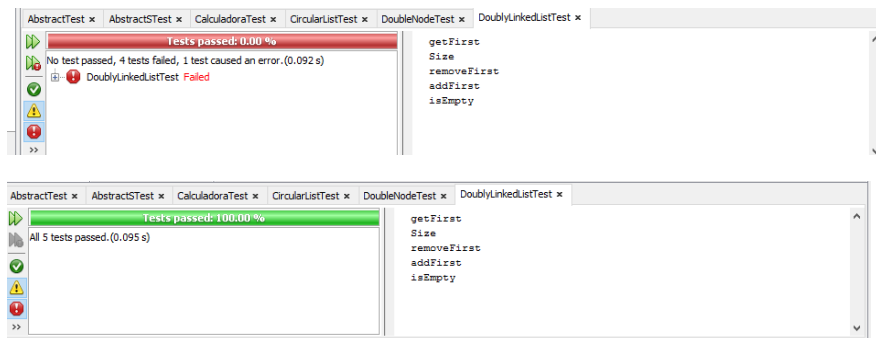

## Clase: CircularList

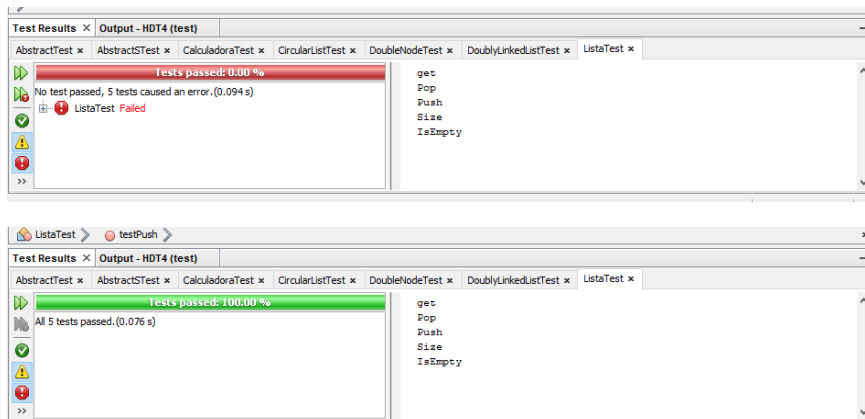

## Clase: DoubleNode

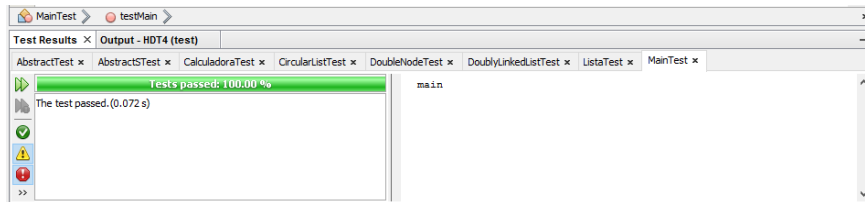

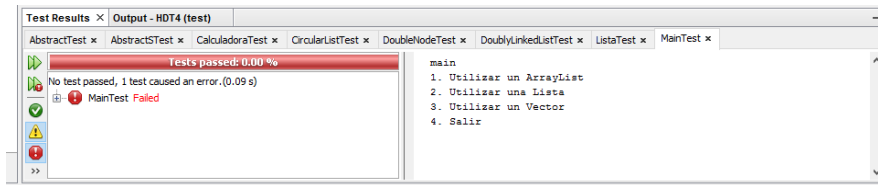

## Clase: DoublyLinkedList

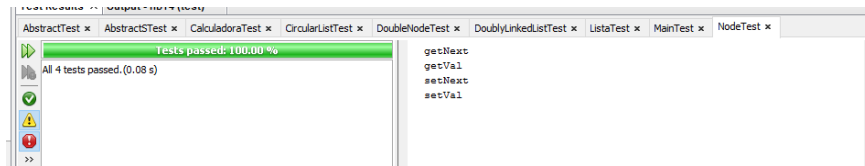

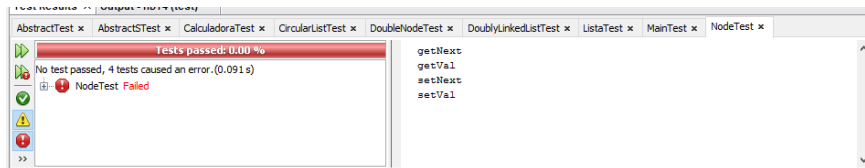

## Clase: Lista

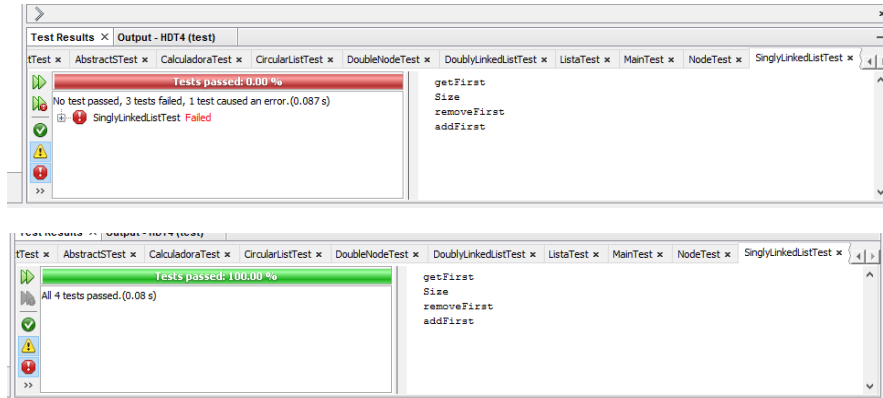

## Clase: Main

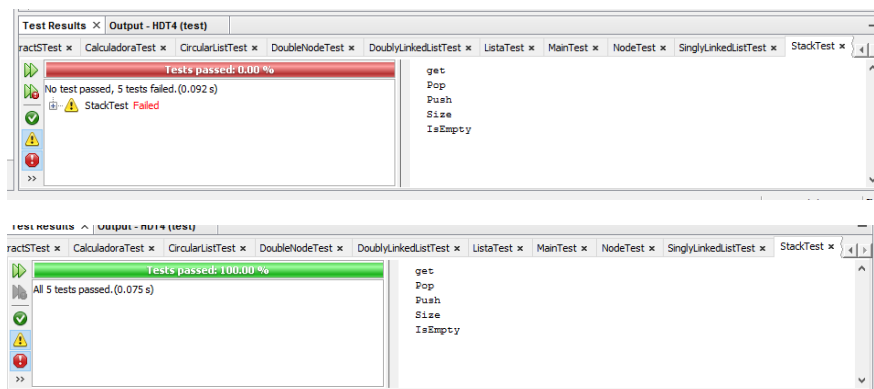

## Clase: Node

## Clase: SinglyLinkedList

## Clase: Stack

## Clase: StackVector
